SUMMARY

A motivated, adaptable and responsible Full Stack Web Developer with an Interactive Communications degree seeking a junior role. Experienced in Python and JavaScript based programming with strong skills in website building and project management. I have a methodical, customer-focused approach to work and a strong drive to see things through to completion.

TECHNICAL SKILLS

Skills acquired at IDC in Interactive Communications cover Social Network Analysis, New Media Analysis, Digital Products, Product Management in Startup Companies, VR, UI, UX, HCI... Technologies that I learned at the Developers Institute TLV Coding Bootcamp include HTML5, CSS3, Python, OOP, SQL, Flask, Django, JavaScript and React.

TECHNICAL PROJECTS

Artathon Liberty - [Github](#) | [Demo](#)

- Created an image gallery with HTML, CSS and JavaScript to make people reflect about their freedom of movement during the corona crisis.
- Worked online in a team of 3 web developers to create the website with the help of GitHub.
- Learned how to work in a team to develop new web projects.

EXPERIENCE

Radiology Intern

Centre de Radiologie Daumesnil

Paris, France

12/2010
