SUMMARY

A motivated, adaptable and responsible Communication Interactive graduate seeking a position in a company which will utilize the professional and technical skills developed through past work experiences in this field. I have a methodical, customer-focused approach to work and a strong drive to see things through to completion.

Experienced in Python and JavaScript based programming with a background in the Developers Institute TLV Coding Bootcamp. Possess strong skills in website building and project management that can help Service Business Companies to obtain worthwhile outcomes.

TECHNICAL SKILLS

Bachelor's degree in Economic and Science at St Michel de Picpus in Paris. Skills in logistics acquired during my time in the Israeli Army as a volunteer. Knowledge that I obtained at IDC University in Interactive Communications include Social Network Analysis, VR, UI, UX and HCI. Technologies that I learned at the Developers Institute TLV Coding Bootcamp include HTML5, CSS3, Python, OOP, SQL, Flask, Django, JavaScript and React.

TECHNICAL PROJECTS

Artathon Liberty - Github (https://github.com/Ness247142/Hackathon1) | Demo (Video)
My first Hackathon done during the Developers Institute Bootcamp in January 2021
- Created an image gallery with HTML, CSS and JavaScript to make people reflect about their freedom of movement during the corona crisis.
- Worked online in a team of 3 web developers to create the website with the help of GitHub.
- Learned how to work in a team to develop new web projects.

EXPERIENCE

Internship in a radiology center   Paris, France
Centre de Radiologie Daumesnil   12/2010
- Assisted the company's members (instrument handlers, secretaries and doctors) in their daily work to gain real life experience in working.
- Worked every day on a computer in order to send notes to my middle school for the validation of the internship.
